Wedding photos and wedding rings are the only two material things that will last for many years after your wedding for you to look at. Let me immortalise your day not only for you, but also for your future generations, who will one day appreciate it the way I appreciated secretly hidden photos from my parents' wedding in my grandmother's drawer. I will be happy to meet with you personally and discuss all your ideas and concerns. I can also recommend other wedding suppliers that I have had the honor of meeting during my career as wedding photographer.
